Much more than just a PDPM calculator or mapping tool this system contains multiple capabilities and has built-in clinician-driven diagnoses optimization that will guide your team in selecting the most applicable PDPM-relevant diagnoses.

- Allows admission screeners and admitting nurses to easily collect much of the information the MDS Nurse will need for an accurate PDPM primary diagnosis and to complete the 5-day Admission MDS
- Provides you with real-time visibility into reimbursement and case mix index to ensure that your facilities are receiving optimal reimbursement for the care you're providing.
- Automates the collection and signing of Medicare Part A Certification and Re-certification
- Includes Practitioner Engagement Tools that follow the patient—increasing utilization and minimizing compliance risks
